

Reader's View: Pass bonding bill to boost Minnesota

Written By: Stan Paczynski, Duluth | May 18th 2020 - 8am.

I agree that the Minnesota Legislature should pass a bonding bill that will help build new infrastructure (Local View: Robust bonding bill can help Minnesota Recover, May 11). Interest rates are low, and the state's needs are high. The COVID-19 pandemic has taken a serious toll on our community, and a solid bonding bill can keep Minnesotans working, help the economy, and build critical infrastructure.

I hope the governor and Legislature come to an agreement that can keep Minnesota's infrastructure up to date, keep our communities safe, and serve as an economic boost.
